Got this email from Wenke while we were speaking just now. Not sure if she means that NO insurance is required if the Boro reserves or if she means that the Boro (or someone else) needs to provide insurance. Do you know Elise from the library? I can give her a call if that might help.

Please do not share this email.

Hi Pat,

I spoke to the library again, still insist we need insurance to hold meeting, but not if boro schedules. Room is def. available and reserved.

I wonder if you will have better luck if you stop by and speak to Elise, the director?

Chief Mann weighed in, told EWA that meeting is scheduled for June 8.
